ISLAND BLOCK & PAVING WILL CONTINUE TO DISTRIBUTE IN HOBART VIA K&D BRICK & BLOCK AT NEW TOWN

Island Block & Paving have confirmed that K&D Brick & Block will continue to distribute the full Island Block & Paving product range from K&D Brick & Block 110 Giblin St New Town despite the closure of the K&D brick manufacturing operation which was announced last week.

Island Block & Paving Managing Director Phil Thurlow said "last week's announcement of the closure of the K&D brick plant does not affect Island Block & Paving's exposure in Hobart. It is business as usual with all our products being available from K&D Brick & Block at 110 Giblin St, additionally we are looking at expanding our range to fulfil the markets needs once the brick plant closes".
